

HUAWEI CAPTURES BIG MARKET SHARE IN EUROPE

In Western Europe, Samsung dominates the Android phone market. In South, Eastern, and Central Europe, however, Huawei is also taking a significant chunk of the Android pie.

TOTAL	3.9%	4.0%	6.0%	5.1%	5.1%	4.7%	3.9%	3.9%

ABOUT THE HUAWEI P8 LITE

The Huawei P8 Lite has been on the market since April 2015. It is the little sister of the P8, and it offers a good set of features for a mid-range phone. The 2017 version of the P8 Lite outshines its predecessor with high-end features like a full HD screen, dual sims, 3 GB RAM and a fingerprint scanner for a reasonable price.
